Prophets Of Old First To See Coming Of Prince Of Peace

BETHLEHEM, Dec. 25 — Beginning of the Year of Our Lord 1—. For centuries prophets have forecast the birth of a Christ Child, and historians have made many references to the coming of a Messiah.

These are some of the names which have been applied to Him. Immanuel, Wonderful, Counselor, Mighty God, Everlasting Father, Prince of Peace, The Lord of the have followed, local scribes have been searching history and the Bible and point to the predictions of Isaiah, Jeremiah, Micah, and others.

The following quotations are Highest and Jesus.

Since the birth here today of the Wonderful Christ, and the excitement and rejoicing that given as vital to the Messiah's coming:

The Lord spoke again to Ahaz saying, Ask thee a sign of the Lord thy God . . . But Ahaz said I will not ask, neither will I tempt the Lord, And he said, Hear ye now, O House of David . . . Behold a virgin shall conceive, and bear a son, and shall call his name Immanuel.—Isiah 7:14.

The people that walked in darkness have seen a great light; they that dwell in the land of the shadow of death, upon them hath the light shined . . . For unto us a child is born, unto us a son is given, and the government shall be upon his shoulders, and his name shall be called WONDERFUL COUNSELOR, THE MIGHTY GOD, THE EVERLASTING FATHER, THE PRINCE OF PEACE, of the increase of his government and peace there shall be no end, upon the throne of David, and upon his kingdom, to order it,

Messiah Comes Into World Torn By Internal Strife

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—Christ was born last night. They say he is a king. Into a world torn with strife, into a dictator-ridden country that trembles at the clashing swords of Rome, has come the ray of light so long awaited by the troubled people.

It is a far cry from the golden pillars of Solomon's temple to the crude stalls of a cattle barn.

For hundreds of years the memories and tales of the glories of ancient Jerusalem have been treasured in the hearts of a scattered race. For generations they have unrolled their papyrus scripts and reassured themselves that one day a Redeemer of Mankind would restore their kingdom. With mighty armies He would vanquish a tyrant Caesar, and rebuild their shining city.

They thought of Him in terms of shining raiment and a golden throne; they didn't expect swaddling clothes and manger hay.

They could see Him proclaimed by heralds with silver trumpets; they didn't think his companions could be rough-haired oxen and sleepy-eyed goats.

They expected urns of smoldering incense, but not the aroma of a stable.

Multitudes would prostrate themselves on the ground in His presence, they believed; they didn't suppose that a harried innkeeper would suggest that the royal family sleep in the barn because all his rooms were full of taxpayers.

Some say that this baby born last night to Mary and Joseph of Nazareth couldn't possibly be the Messiah foretold in Scriptures. But there are others who remember the words of the prophet Isaiah, of Jeremiah and of Micah and with unspeakable joy hail Him as the Saviour of Israel.

Lowly Shepherds With Flocks On Nearby Hills First To Note Miracle Of Celestial Visitation

Long-Awaited Messiah Born in Lowly Manger

Christmas issue today tells the story of Christ's birth as it might have been told if modern newspapers had been printed at that time. Today's current news appears on inside pages. The Bethlehem story was mainly written by a member of the Scottsbluff (Nebr.) Star-Herald staff, and the dispatches are based on the story of the Christ child as it was written in the Bible.

Eyes Of All Judea Turn To Bethlehem As Word Spreads

Appearance Of Star Convinces Inhabitants New Baby Is Prince

BETHLEHEM, Dec. 25 — Beginning the Year of Our Lord 1. — The eyes of all Judea are turned with awe today upon this little town as word emanates from it that the long prophesied Messiah was born here last night.

Miraculous happenings and visitations of heavenly hosts which confounded them with radiance and divine song, lead inhabitants to believe that this is the prince of the throne of David, who, Scriptures have said, will reunite the scattered tribes of Israel and reign over them as the son of God.

The appearance of a new star of great magnitude and luminesence, convinced them that it portends to the ancient prophecy.

The infant, born to Mary, a Jewish girl from Nazareth, who is the wife of Joseph, a carpenter, was first discovered by a group of shepherds who received the news of His birth

Magi Followed Star To Find Son Of Mary

BETHLEHEM, Dec. 25 — Beginning the Year of Our Lord 1. — The mysticism and beauty of the Orient has mingled with the simplicity and reverence of a little town made holy by a divine occurence.

Three sages from the East, impressive in the richness of their many-colored silks and gold insignia, walked the dusty streets of Bethlehem today and told of their journeys across desert and plain to lay rare gifts at the feet of the tiny babe.

They spoke briefly and eloquently of the prophecy. "There shall come a star out of Jacob, and a sceptre shall arise out of Israel," and they described the brilliance and comet-like action of this star which had arisen in the east, and which they had followed until it halted over the Judean city.

These three Magi who bear the names of Caspar, Melchor and Balthazar, were familiar with the Hebrew prophecies which foretold the advent of the Messiah, and had long waited for the star, they said. To prepare for the promised King of Israel, they sold their possessions and equipped a caravan.

Last night, surrounded by humble shepherds and barnyard animals, they fell to their knees and worshipped the young child with great joy, and presented him with frankincense, myrrh and gold.

When they were asked if the commonplace surroundings

Herod In Dread, Seeks To Delude Sages From East

Manger Miracle Told Over And Over As Groups Collect

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1.—An apprehensive Herod sits on the throne of Judah, and is much disturbed at the miraculous birth of Jesus in Bethlehem.

This was brought to light with the recent visit here of sages from the East who were seeking the newborn King of the Jews. Having heard of their inquiries, Herod hastily called together his chief priests and scribes who write the laws, and demanded them to tell him more of the prophecies of Chirst's coming.

Then he summoned the wise men for questioning, and led them to believe that, if they would go to Bethlehem, discover the Child and return and tell him about it, he would journey there himself to pay homage.

Those who heard Herod's in-

Inn Keep's Faith In Miracle Strengthens

BETHLEHEM, Dec. 25—Beginning of the Year of Our Lord 1.—Bewilderment marked the features today of the keeper of the little inn where Mary and Joseph sought shelter last night. But behind the bewilderment could be sensed a dawning belief.

"There was something different about her face," he said of Mary. "It was tired—but different. And when Joseph turned away leading the ass she was riding, something about him too, made me want to call them back.

I went to the stable this morning," he mused. "Only it didn't seem like the same stable, somehow."

Herod's Spies Departing Hurriedly For Jerusalem

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—Several known spies and two sycophants of the court of King Herod, who for the greater part of the morning have been furtively watching the stable wherein the King of Glory rests in his swaddling clothes, left on camels bound presumably for Jerusalem.

Herod is known to be extremely interested in the journeys of the Magi to Bethlehem.

'Mary Smiled At Me!' Simply Clad Boy Says

NAZARETH, Dec. 25 — Beginning of the Year of Our Lord 1.—A young boy—one of the band of shepherds which was visited on the hill near here last night by a heavenly host of angels who told them of the birth of the baby prophet, was a shy narrator of events transpiring at the stable when the presence of the child became known.

Roughly clad, and plainly awed by his part in the divine drama, he gave the only clear impression gained by Mary, the mother of the Holy Child. The other shepherds were too inspired, and the wise men from the East too preoccupied with the identity of the infant to notice details which the eye of a child seized upon.

"Everything seems so quiet in the stable," he replied to questions. "I noticed that even the pigeons didn't coo like they usually do."

"Did Mary or Joseph say anything to anyone?" he was asked.

The lad flushed, then confided: "Joseph asked me to help him fix the hay so it would be more comfortable, and then Mary smiled at me after she had been looking at the baby, and so I asked her if they didn't have better places in the inn. She answered low-like: There wasn't any room for us.'

"I felt sorry for her: and then she smiled again and just whispered: 'But I like it here. The inn was no noisy, and the streets are full of loud people. The animals are peaceful. You mustn't feel sorry for us.'

"And do you know, somehow I wasn't. I still feel strange. It is as though something too wonderful to talk about has happened to me, I can't explain it. But I feel so peaceful inside."

Suppose That You Had Been In Arabia

Reprinted from the Arabian American Oil Company publication, The Aramco World.

Suppose, for the next few minutes, that you are a member of an Arab caravan, camped tonight beside one of the trails that crosses the desert. The sun has long since set, the stars (which have always been such guides to the Arab) are bright, and the nighttime cold is setting in.

You pull your robe closer and are about to fall asleep when you hear the soft plodding of feet. You crawl to the tent flap and look out just in time to see a silent procession cross a dim, starlit dune.

But something puzzles you: this caravan isn't following the regular trails at all. It is cutting straight cross-country, through deep unbroken sand. That makes for hard going, and you see that the camels and men are tired.

In the dark they pass your tent: three camels, each bearing a rider swathed against cold. Obviously these men are above average importance. After them come several more camels and men. The caravan is moving west.

And then you notice something else: high over the men rides a bright star. Although you've watched the stars on many nights you have never seen this one before.

Shivering a little, you crawl back and fall asleep. In the morning you think it was a dream; yet there are the tracks in the sand.

Something of the sort did happen approximately 1960 years ago this month; and scholars have been trying to find out about it ever since. The names of the three travelers are reported to have been Casper (or Kaspier or Gaspard), Melchior and Balthasar. Where they were going is now well-known: Bethlehem. But where they came from still is hidden in the mists of time.

The Bible makes only fleeting references to the Magi, or Wise Men. The Gospels do not speak of the three Wise Men at all. St. Matthews says: "Now when Jesus was born in Bethlehem of Judea in the days of Herod the king, behold there came wise men from the east to Jerusalem, saying, "Where is he that is born King of the Jews? For we have seen his star in the east, and are come to worship him.' "

Thus Matthew does not say how many Wise Men there were. The tradition that there were three has generally come to be accepted; and yet in some forms the tradition says there were as many as twelve. Since the Bible is so universally read and studied, people over the intervening centuries have filled in other gaps in the Biblical information and today we feel we have a fairly clear picture of what the Wise Men looked like—and even how they dressed. After all, men have had 2,000 years in which to conjecture about them!

This much scholars know:

More than 2,000 years ago, historians say, the "senior citizens" among the Jewish people seem definitely to have been expecting the coming of a Messiah. Other nations must have learned of this great hope. (The foretelling is found in many Roman writings.)

When Jesus was born near Jerusalem, word was passed among the Jews and reached the Magi, in whatever country they may have been. (Some think they were in Persia.) They set forth (or were sent) to pay homage. Why they did this is interesting. Scholars long have thought that magi were astrologers or magicians. But lately, Assyrian scholars have learned that the name connoted a sacred station; the men to whom it applied were "august" or "revered." (The Bible speaks of them as kings.) They were held in the highest reverence. No major step was taken without their advice. They were servants of God; as such, it was their duty to visit the new Messiah.

So much for the Wise men. Now: what, if anything, is known about the Star? The Three Wise Men followed a bright star that rose in the east and evidently set in the west.

GREAT JOY PERVADES CITY OF BETHLEHEM

BETHLEHEM, Dec. 25 — Beginning the Year of Our Lord 1.—It is impossible to describe the feeling of great joy that pervades Bethlehem today as the coming of the long-heralded Messiah is realized by the majority of its inhabitants.

The shepherds probably experienced the most poignant sensation for it was to them that the news was first given. The little group who were guarding their flocks from foxes and wolves that still roam the hills of Palestine, speak with great wondering of last night's message from the sky.

The amazing light together with the chanting of a heavenly host has brought an incoherence to their speech; but the radiance of their faces is more impressive than any words could be.

"An angel of the Lord suddenly flashed before us, and the glory of the Lord shone all around us," one of them said.

"We were frightened but the angel said 'Have no fear. This is good news. I am bringing to you, news of great joy that is meant for all the people. Today you have a saviour born in the town of David, the Lord, Messiah. And here is a proof to you: you will find a baby wrapped up and lying in a stall for cattle."

"Then a host of heaven's army suddenly appeared beside the angel, extolling God and saying, "Glory to God in the highest, and on earth peace, good will toward men.'

"Having sung this song, the angels went back to heaven, the light faded away, and all was dark as before.

"We began talking together about these strange sights and sound," the shepherd related.

"We didn't stop to think what would happen to our flocks, or wait until morning, we went at once. When we saw all was as the angel had said, we told everyone about it."

Shopkeeper Has Doubts About Jesus

BETHLEHEM, Dec. 25 — Beginning of the Year of Our Lord 1.—"All the excitement has made more business for my shop but I do not believe he is the Christ."

That was the opinion of the proprietor of a small shop here who has not yet visited the now-famous birthplace of the infant Jesus.

"I really believe this is just something arranged to make more entertainment for taxpayer week" he went on. "Why, the true Christ will be so mighty that there will not be a doubt by anyone when he comes. That light was just a falling meteor and those sleepy shepherds were startled by it. You know how a story can grow."

He said he had been too busy to go along with the crowds to the stable, and added that the innkeeper would probably have more business than ever.

"I have an extra room here at the back," he said thoughtfully. "If I had only known—" and he hurried to wait on a customer.

Mary And Joseph Both Descendants Of Royal Line

NAZARETH, Dec. 25—Beginning the Year of Our Lord 1.—Although Mary, mother of the Saviour, and her husband, Joseph, live among the humbler folk here, where he is a carpenter, they are of the royal family of Judah and the descendants of King David.

The Jews keep exact lists of their genealogies thus explaining the present situation.

For the old prophets said that the Christ child was to be born at Bethlehem whereas Mary lives in Nazareth 50 miles distant. But when the Emperor Augustus called for the regular 10-year census he ordered Herod to register the people according to the tribe to which they belong. Mary and Joseph belonging to the family of David were required to go to Bethlehem.

Brilliant Star Presaged Secret Mystery Of Birth

JERUSALEM, Dec. 25 — Beginnig the Year of Our Lord 1. —Eminent astronomers here admit to the appearance of a new star. They say that at infrequent periods such stars, or novae, as they term them, suddenly appear with great brilliance, are evident for a time, then fade away.

Last night's star, they explain, resulted from the conjunction of the two great planets, Jupiter and Saturn.

Astrologers See Tragedy, Sorrow For Holy Babe

JERUSALEM, Dec. 25—Beginning in the Year of Our Lord 1. — Great tragedy will mark the future of the child born in Bethlehem, say this country's foremost astrologers. The stars, they say, reveal:

He will be in great danger while he is still an infant, and because of an attempt upon His life, many children will be killed.

He will live to be hailed in Jerusalem, but will later be rejected and betrayed by one close to Him.

Crucifixion will be the manner of His death, and He will undergo unspeakable suffering.

There are other venerable men here, who read aloud pathetic words which foretell the sufferings of the promised Messiah.

These reveal that He will be "despised and rejected of men, a man of sorrows and acquainted with grief."

Their search of the records, it is believed, will continue for many works, and will entail many secret conferences with not only members of their craft, but with the priesthood in the temple itself. Whether their finding will be made public in detail is not known.

The astrologers added that this preliminary report of their findings as revealed by their efforts probably would be considerably altered by further study, and indeed, might be radically altered by results of research and study.

Magi's Wisdom Is Greatest In World Declares Caspar

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord —This is what Caspar, one of the wise men, said about their belief:

"The wisdom of the Magi is the greatest of all wisdoms on earth, because it knows its own ignorance. And that is the secret of power. We worship fire as a symbol of Him. We keep men always looking and waiting for a new sunrise, but we ourselves understand that the darkness is equal to the light and that the conflict between them will never be ended."

Magi Followed Star To Find Son Of Mary

seemed out of keeping with Christ's significance, Melchor, this wise man, answered:

"The King we seek is not to be found in the palace, nor among the rich and powerful. If the light of the world and the glory of Israel had been appointed to come with earthly splendor, it must have happened long ago. For no son of Abraham will ever again rival the power which Joseph had in the palaces of Egypt or the magnificence of Solomon throned between the lions of Jerusalem. But the light for which the world is waiting is a new light, the glory that shall rise out of patient and triumphant suffering. And the kingdom which is to be established forever in a new kingdom, the royalty of unconquerable love."

An intimation of the uncertain future was voiced when he added: "I do not know how the turbulent kings and peoples of the earth shall be brought to acknowledge the Messiah and pay homage to Him. But this I know. Those who seek Him will do well to look among the poor and the lowly, the sorrowful and the oppressed."

The men seemed little disposed to talk about returning by way of Jerusalem and encountering Herod. There is a rumor that they are making the caravan ready to go through Egypt.

Wherever they go, they are followed constantly by crowds of both adults and children, their stateliness and air of wisdom being especially interesting.

and to establish it with judgment and justice henceforth even for ever.

The zeal of the Lord of hosts will perform this.—Isaiah 9:2-7.

I will gather the remnants of my flock out of all countries whither I have driven them, and will bring them again to their folds . . . and I will set up shepherds over them which shall feed them, and they shall fear no more, nor be dismayed, neither shall they be lacking, saith the Lord. Behold the day come, saith the Lord, that I will raise unto David a righteous branch, and the king shall reign and prosper, and shall execute judgment and justice in the earth . . . And this is his name whereby he shall be called, THE LORD, OUR RIGHTEOUSNESS.—Jeremiah 23:3-6.

Now gather thyself in troops, O daughter of troops; he hath laid seige against us: They shall smite the judge of Israel with a rod upon the cheek. But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall come forth unto me one that is to be ruler of Israel; whose goings forth have been from old, from everlasting . . . And he shall stand, and feed in the strength of the Lord, in the majesty of the name of the Lord his God; and they shall abide; for now shall he be great unto the ends of the earth. —Micah 5:1-4.

In the sixth month the Angel Gabriel was sent from God unto a city of Galilee, named Nazareth, to a virgin spoused to a man whose name was Joseph, of the house of David; and the virgin's name was Mary. And the angel came unto her, and said, Hail thou are highly favored, the Lord is with thee: blessed are thou among women. And when she saw him she was trouble at his saying, and cast in her mind what manner of salutation this should be, And the Angel said unto her: Fear not: Mary, for thou hast found favor with God.

Firemen, Welfare Help People Have Nice Christmas

About 25 big toys such as bikes and tricycles have been repaired and painted by Lemon Grove firemen on their off-duty hours, according to Fire Chief H. L. Hensley.

At a Santa's work bench set up in the west wing of the station, these Santa's helpers have been working in conjunction with the L.G. Welfare, headed by Mrs. William Sayward of the Woman's Club here to make this Christmas a merry one for those in need. The toy project is only one of those carried out annually by the welfare.

The Kiwanis Club has contributed a $100 check toward the annual Christmas work of the welfare, and they provided material toward the toy repair. The Firemen's Relief Association here also helped buy parts and things needed to recondition the toys.

Mrs. Sayward said the Welfare already has given aid to 17 families this year, eight of which are deserted mothers and their children.

Kerr, Lewis Speak At S.V. Chamber Meeting Monday

The Monday night meeting of the Chamber was shortened in order to allow time for a program which started with Rev. John Kerr, pastor of the Shepherd of the Valley Lutheran Church giving a Christmas message which stressed that we should not do all our praying for world peace, but should concentrate on praying for peace in our own homes and community.

Mrs. Thelma Lewis, outgoing president of the Spring Valley Community Welfare, Inc., gave a short talk on the welfare workings and thanked the Chamber for appointing her as representative from the Chamber to the Welfare.

Mr. and Mrs. Bob Howell, well known equestrians were present and Mrs. Howell was presented with a silver plate for her help in the recent S.V. parade. Also Mrs. Betty Seymour Robinson, Chamber secretary received a citation for her help with the parade.

Al Coupee, "The Voice of the Chargers," was guest speaker, and gave a talk similar to that he gave at a recent Spring Valley Kiwanis Club meeting. He said the Chargers lost their last two games because they were outplayed and lacked incentive. He predicted that this would not recur.

Following the meeting more than 100 members and guests enjoyed a half hour of organ and xylophone music with Vesta Jenks at the organ and president of the Chamber, Chet Smith on the "woodpile."

Long-Awaited Messiah Born In Lowly Manger

(Continued)

from a band of angels while they were tending their flocks in the low lying hills outside the city.

Descending in a blaze of heavenly glory that prostrated the little group of men and boys with amazement, the divine visitors told them not to be afraid but to go to the stable in Bethlehem, where they would find the Christ in swaddling clothes and lying in a manger.

This the shepherds did, being guided all the way by an angel. There they found the child, but recently born, with his parents and stable animals. So deep was the conviction of the angel's message upon them, that they immediately accepted him as the promised Savior, and fell upon their knees and worshipped him.

Following in quick succession the visit of the shepherds was a caravan of wise men, or Magi, from humble birthplace bearing jewels and precious gifts. To them too, this was a long-awaited event, since they are close students of astronomy, and were watching for the star. When it appeared they regarded it as the sign that the child had been born which the prophet had foretold.

While the largest part of the population here is talking of the event in tones of unsuppressed awe, and plainly regard it as a means by which they will be delivered from their Roman oppressor, there are many who are frankly skeptical. They feel that the future of Christ will come from a more significant source.

Everyone Excited

The whole atmosphere here has been one of unusual excitement for the past few days, since that was the time decreed by Augustus Caesar for all taxpayers in Judea to be registered. Mary and Joseph, being of the house of David, were required to come to Bethlehem; and although Mary was an expectant mother, and the 50-mile journey from Nazareth in Galilee was extremely arduous for her, the urgency of the order was such that they dare not say no.

From the eager details gained from keepers of public places, it appears that Joseph had failed to make any reservations for lodging. The low temperature of the winter night forced them to the stable where they made themselves as comfortable as they could in the straw. They suffered no ill effects from the experience, however, and those who visited the little family after the birth became known, report that an aura of light transformed the dingy suroundings into a place of beauty.

Mary indicated that she would call the child Jesus.

Christmas Books For Blind Children To Be Distributed Through Schools

Little fingers reading little dots which say, "Now when Jesus was born in Bethlehem of Judea. . ."

This is the picture of a literary Christmas gift which was started on its way today to all blind school children in California in grades three to six.

The book of brailled stories and poems called "Christmas and the Year Ahead" is published annually by the Braille Institute Press and is distributed free to blind children through the various school systems. Copies are also sent to the 32 regional branch libraries for the blind throughout the nation. Edited by J. Milton Johnson, the book is in its 13th year of publication, and is made possible through contributions and donations from organizations and the general public.

Contents range from St. Matthew's account of the nativity scene to Ruth Robbins' "Baboushka and the Three Kings," a fable about three rulers. Also included are stories such as Esther Freshman's "Bunny with a Beanie," a humorous tale about a carrot-hating rabbit, educational items which tell, for example, "Where Bells are Made," and a Walt Disney space story called "The Other Planet."

Authors and publishers holding rights to the material have granted permission to the Braille Institute to reproduce them without charge.

Herod In Dread Seeks To Delude Sages From East

(Continued)

terview with these Eastern wise men say he was given only evasive answers.

Political commentators say it is understandable that Herod should feel uneasy at the rise of a leader who will capture the imagination of a discouraged people. His reign has been a singularly unhappy one due to the pressure from Rome.

The Emperor Augustus has lately accumulated foreign property and subjects through a campaign of military invasions and controls about all in this part of the world that is worth taking. This has occupied the minds of the people, but has increased Roman extravagances. Palestine is one of these conquered countries and Herod is the King of Augustus's own choosing.

Some regard Herod's fear of a ruler who will overthrow him in a material sense as being unfounded.

They maintain that the significance of the Messiah is spiritual rather than political, and point out that he has always been prophesied as a Shepherd of Souls rather than a military deliverer.

Herod's nature, these commentators say, make it impossible for him to understand a Prince of Peace.

CENTER'S SIGN APPROVAL DELAYED BY SUPERVISORS

SAN DIEGO (CNS)—Action on a proposed sign for the shopping center at the intersection of Sweetwater road and Jamacha boulevard, La Presa, was delayed Tuesday by the County Board of Supervisors to allow inspection of the site.

Pacific Coast Properties, Inc., developer of the center, applied to the county for permission to put its sign 35 feet, instead of the required 50 feet, from the center line of Sweetwater road. The county Planning Commission in November turned down the request, and the company appealed to Supervisors to over-rule the commission.

After the hearing Tuesday, Board members promised a spokesman for Pacific Properties, Inc., that a decision would be made in two weeks. The company is asking for the variance so the sign may not be in the parking lot.

PLANNERS REJECT CHURCH USE FOR LA PRESA LAND

SAN DIEGO (CNS)—A special use permit for a church on San Carlos street between Conception and Sacramento avenues, in the La Presa area, was refused Friday by the County Planning Commission.

The commission ruled that the site, only 21,000 square feet in area, was too small for the proposed site and would not provide sufficient space for the required parking. The applicant was the San Diego Baptist Temple.

The commission suggested that the church buy additional property to the north to increase the site area, but a church spokesman said that the group did not have enough money to buy the extra land.

OIL FIRM'S SIGN MUST MEET STANDARDS

SAN DIEGO (CNS) — A Campo road sign proposed by Texaco, Inc., is going to have to meet the county's height limitation requirements, according to a ruling Friday by the County Planning Commission.

The oil company asked to be allowed to have its sign 50 and a half feet high, instead of meeting the 35-foot limit, on the basis that the extra height was needed to attract freeway traffic.

The request was made at the commission's Dec. 1 meeting, but action was put off to give Commission Chairman Gilbert Ray an opportunity to see if extra height was justified, and Ray said Friday he did not agree the extra height was needed.

CAMPO ROAD TO GET INTERIM ATTENTION

SAN DIEGO (CNS)—A zone study of the Campo road area, east and west from Bancroft drive was ordered Friday by the County Planning Commission, with the study to be finished in time for a hearing on May 11, 1962.

The commission action was the result of a zone change request from residential to commercial use, from Christine C. Sexton and John E. Kinnel.

In view of the uncertainty as to the route the freeway will take through the area, the commission decided that a study for the half-acre involved in the Sexton-Kinnel request and other land adjacent to it should be made while waiting word on the freeway alignment.

Dr. Willis H. Miller, county planning director, told the commission that the State Division of Highways expects to have legal descriptions for the rights of way involved by early May.

Grove Man To Develop Air Motel

SAN DIEGO (CNS)—Action on a proposed option for land for a motel, swimming pool, restaurant and cocktail lounge at Gillespie Field was put off Tuesday by the County Board of Supervisors to give time to check on the financial standing of the would-be lessees. Although approval will probably be given, they indicated Jim Spears, Lemon Grove Ford dealer and Forrest S. McKinley, of El Cajon are the principal sponsors of the project.

McKinley appeared Tuesday before Supervisors. He said that the option is being sought to use as an aid for convincing prospective investors in the project of the seriousness of the promoters.

A firm named Crosswind Enterprises, Inc., has been formed to develop the motel and allied facilities, McKinley said. A 50-year lease is being sought on five acres on the east side of Gillespie Field.

Twenty-four motel units, the restaurant, swimming pool and cocktail lounge are to be in the first part of the project, according to McKinley. He put the cost of this section of the project at $250,000 and said stock of $250,000 to $300,000 would be sold in the first offering.

Fire Does $150 Damage To Car Of Grove Woman

A fire which started possibly from kids playing with matches caused $150 damage to a '57 Olds belonging to Kathryn Gentri of 1933 El Prado, on Dec. 13 at 1:38 p.m., according to Capt. Mark Foote of the Lemon Grove Fire Department, which put out the blaze.

Another car fire on Dec. 16 caused $100 damage to a '60 Mercury belonging to Robert D. Ryan of San Diego. The blaze occurred early in the morning at the 3800 block on Paula st. It started under the dashboard but the cause was undetermined, Foote said.

Firemen were called to stand by at the scene to put out a possible fire when a vehicle overturned at 69th and Mt. Vernon st. near here. It was a carry-all car driven by Pat Springer of 2481 Massachusetts street.

Life Of The Master Theme Of Yule Sermon

The birth of Christ Jesus, and other highlights from his history as recorded in the four Gospels, form the background of the Sunday sermon in all Christian Science churches. Proclaiming the same light of hope which guided the shepherds of old to the Christ child, Jesus declares in the Golden Text from John (12:46), "I am come a light into the world, that whosoever believeth on me should not abide in darkness."

Scriptural selections from Matthew (2:10,11) include this account of the wise men, "When they saw the star, they rejoiced with exceeding great joy. And when they were come into the house, they saw the young child with Mary his mother, and fell down, and worshipped him; and when they had opened their treasures, they presented unto him gifts; gold, and frankincense, and myrrh."

Also featured are familiar carols and special music supplied by the choir of Shepherd of the Valley.

"This special service is designed to help the community put Christ at the center of Christmas. There will be inspiration for the whole family and the hour is early enough to permit the youngest children to come," Pastor Kerr said.

PUSHBUTTON WORLD BOOK MAP TEACHES MIGUEL STUDENTS FAST

To promote student interest in the background of books and magazines, Harold Berg, English instructor at Mt. Miguel has designed and constructed a diplay board in the form of a world map titled "When and Where Was Your Book Born?"

"This board is unique in that it has push buttons below the map connected to tiny lights on various places in the map," stated Berg. "Each push button has a date and caption identifying an event of importance to the book world, and the student becomes involved when he pushes the buttons to see where the events, indicated by the captions, occurred."

Some of the events mentioned are:

The Phoenician development of the first known alphabet.

The making of the first paper from rags, linen, silk or bamboo.

The first known printing project, in an Indian language with Chinese characters.

The first moveable types, made of china.

Gutenberg's production of the first practical printing with moveable types.

Total cost of the board, displayed in room 30 of Mt. Miguel came to $7—map, $1; push buttons, $2; lamps $40. Berg devoted three weeks in his sparetime to this project. Materials used were plywood, pushbuttons, map, lamps and battery.

The display was put up during National Bank Week and will remain as long as the students show interest.

Concepcion, Chile, has been severely damaged by earthquakes in 1570, 1730, 1751, 1835, 1939 and 1960.

Weather radar unit just developed for small aircraft weighs only 40 pounds and has a range of 90 miles. The system will enable many small planes to use radar for the first time.

M.H. P.T.A. Hears Nuclear Attack Talk

The December board meeting of the Monterey Heights PTA was held in the home of Mrs. Farrel Patton.

During the business meeting Mrs. Patton was chosen to be a nominee to the Mt. Helix nominating council.

A discussion was held concerning whether or not a new Grossmont school election should be held in February or at the June primary.

Arthur Thomas, principal discussed a tentative plan in case of nuclear attack. One of the responsibilities of the PTA would be to see that the children were taken care of.

Following the meeting a Christmas party was enjoyed.

'COME TO BETHLEHEM' SERMON PLANNED AT L.G. METHODIST

"Come to Bethlehem" is the sermon this Sunday at the Lemon Grove Methodist Church. There will be participation of laymen, as well as the pastor in the presentation.

There will be a special service of worship Sunday evening at 7. The senior choir, directed by Ramona Court, will present the cantata "The Glory of the Star" by Stuart Landon. There also will be the confirmation of the White Christmas membership class.

Our God gave us Christmas. Christmas without the gift which God gave to us is a grand make-believe. God's gift is His Son, Jesus Christ. The gift of His Son embodies all that is needed for your salvationu. Have you permitted God to bring His gift into your heart and into your home?

Lemon Grove Lutheran Church Message

WHAT'S DOING

Sid Mansfield, your telephone manager in Lemon Grove

SHIFT TO ALL NUMBER CALLING STARTS SOON

The gradual conversion to All-Number Calling for San Diego County will get underway December 15, 1961. The complete switch to ANC is expected to take several years. Present plans call for all California communities to have ANC by 1966.

Official telephone company numbers, such as business offices, in the forthcoming January, 1962 San Diego telephone directory will be ANC listings. Customer ANC listing will begin to appear in subsequent directory isues.

However, starting December 15, numbers will replace letters in customers telephone numbers on their monthly statements. This does not involve a number change. The only difference will be that present suffix letters will be replaced by corresponding numbers on the bill. For example, BE 2 becomes 232, CY 6 becomes 296 and so on.

Also commencing on December 15, ANC telephone numbers will be assigned on request for new service that affects the telephone directory; or when the customer requests a seven numeral telephone number. These telephone numbers will then be shown on an ANC basis in information and future directories.

Why is ANC necessary? It's all a matter of numbers. When telephony was in its infancy, subscribers had a telephone number of one or two numerals. As the demand for service grew, so did telephone numbers, from two to four, then five and then two letters-five numbers. Each of these changes was necesary because of growth, and growth is the reason we must change to ANC.

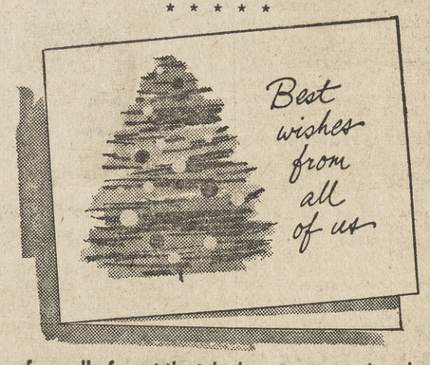
Twenty years ago, there were less than 23 million telephones in the United States. Right now, there are more than 74 million phones, and we're growing so fast that Bell System engineers estimate that by 1975 there may be more than 160 million phones. The current two letter-five numeral system will not provide sufficient prefix name combinations for that many telephone numbers. The switch to seven numeral telephone numbers will increase by nearly fifty percent the number of usable telephone number combinations, enough to meet the demand for many years.

The potential of ANC is readily apparent after taking a close look at your telephone dial. It's easy to see that there are more prefix number combinations possible than there are prefix name combinations.

ANC offers other advantages. It will eliminate dialing confusion due to mistaking the letter "O" and the number "zero" and the letter "I" and the number "one." Also, it will eliminate dialing errors that are a result of misspelling prefix names. Is it SYcamore, CYcamore or CIcamore?

ANC was first introduced in the United States in 1958 and will be in use by some 8 million people in approximately 3000 communities throughout the nation by the end of 1961.

* * * * *



And now from all of us at the telephone company, here's wishing you a joyous Christmas. We don't want the year to pass without saying thanks for letting us serve you. We'll keep on trying to bring you the very best in telephone service.

ORDINANCE NO 2304 (NEW SERIES)

AN ORDINANCE AMENDING THE ZONING ORDINANCE BY SUBSTITUTING DISTRICT MAP NO.12 (N.S.) IN PLACE OF DISTRICT MAP NO. 12, WHICH SUBSTITUTION DOES NOT CHANGE THE ZONE CLASSIFICATION OF ANY PROPERTY

The provisions of this ordinance shall be applicable to District No. 12, Lemon Grove Section, a precised section of the Land Use Master Plan of San Diego County, as delineated on "District Map No. 12 (N.S.), Lemon Grove Section, San Diego County," and all applicable regulations specified in this ordinance are hereby declared to be in effect within the several zones within said District No. 12.

Section 2. The Board of Supervisors finds and declare that the amendment of Sections 2000 and 2001 as set forth in Section 1 of this ordinance substitutes a new map designated "District Map No. 12 (N.S.), Lemon Grove Section, San Diego County," in the place of "District Map No. 12, Lemon Grove Section, San Diego County"; that neither said new map nor this ordinance changes any property from one zone to another or imposes any regulation not heretofore imposed or removes or modifies any regulation heretofore imposed and that the purpose of amending Sections 2000 and 2001 to adopt said new map is to eliminate from the map of District No. 12 areas which have been annexed to the cities of San Diego or La Mesa and to incorporate in The Zoning Ordinance a more legible map of District No. 12.

This ordinance shall take effect and be in force thirty (30) days after the date of its passage, and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same in the Lemon Grove Review, a newspaper of general circulation published in the County of San Diego.

CHRISTMAS DECORATION JUDGING TO BEGIN

Judging of Spring Valley Christmas decorations will commence at 4 p.m. on Friday of this week, the chamber of commerce here has announced. Three members of the Foothills Art Assn. comprise the judging committee.

Window Winners Named Here

Kresge's and The Hobby Mart were judged winners last week of the Spring Valley Shopping Center's window decorating contest sponsored by the center's merchant's group.

Don Brown, Kresge manager, was awarded the prize for his store and Roger Wilkinson took the prize for his. The prizes were checks for $20 and $10 respectively.

Current Drive Adds 61 To Organization

The Spring Valley Chamber of Commerce lately has reached a new milestone in its development with the addition of 61 new members in the current membership drive, according to Chet Smith, S. V. real estate man and president of the organization.

Because of the drive's success, it has been extended for another month.

Now the S.V. chamber boasts a record high of more than 200 members, Smith said. Lately the organization sent off its application for membership in the National Chamber of Commerce.

ACCOMPLISHMENTS LISTED

As a continually striving organization that has made a name for itself in the county for trying new things, the S.V. chamber has brought about the following:

Establishment of the S.V. Fire Department in 1949.

Construction of sewers in the area.

Dispersing of vital information to the community.

The annual Spring Valley parade which has been held successfully for two years in a row and attracts attention to the area which gives Spring Valley stature as a community.

Road improvement and increased local safety awareness through the work of the chamber's road and safety committee.

Smith said the chamber was established in 1935 and first met in the Growler Cafe on Campo rd. Betty Seymour Robinson, well-known Valleyite and a staff writer on this newspaper was the organization's first secretary and recently returned to the same capacity. Smith pointed out that the S.V. organization is one of the few chambers across the nation with its own building.

Asks Zoners To OK Builder's Mistake

SAN DIEGO (CNS)—A Lemon Grove property owner's troubles with a Los Angeles contractor won him a zoning variance at a recent session of the County Planning Commission.

Leon S. Laframboise asked the commission to be allowed to keep a patio roof which had been built without a building permit and was closer to his side property line than the law allows.

The committee that studied the Laframboise property at 3729 Fairview dr., recommended that the request be denied. It was stated that the patio roof comes to within 18 inches of the property line, when it should be back five feet.

Laframboise said that the contractor was supposed to build in accordance with county requirements, but that he could not even be found now that it was disclosed what he had done.

"It makes it kind of hard on us," said Commissioner C. J. Martin, "when people do these things that are against the law and then look to us to get them off the hook."

However, the vote to allow the Laframboise patio to remain as it is was unanimous.

MIGUEL KEY CLUB HOLDS FOOD DRIVE

Mount Miguel's Key Club and Y-Teens groups conducted a canned food drive and filled Christmas baskets for area residents whose Christmas might otherwise be bleak.

Christmas 1961

by Paula Woitke

3918 Spring Dr., Spring Valley

Oh, star of lustrous beauty wrought,
Star with brightest portent fraught,
Shine for the wise men of today
And light them on their hallowed way.
The world has wise men as of old,
Blest with rarer gifts than gold:
Largess in heart and hand enshrined,
Offered up to all mankind.
Ere the days become too dark
Guide them to the cherished mark,
To bring to earth's travail surcease,
And lead them into paths of peace.

School Fellowship Regulations Decided

The Grossmont Union High School District board of trustees has approved the following regulations for the operation of Youth Fellowship Clubs which meet on school premises in out of school time:

Prohibition of singing of religious hymns; introduction of sectarian beliefs or creeds; resume of sermons, or other meetings which are primarily religious in nature.

Reading from the scripture for religious purposes is prohibited, but excerpts from the scripture may be used for moral and character building values. Prayer shall be limited to invocation or benediction of non-sectarian nature or to silent meditation.

Youth Fellowship Clubs are composed of students representing a wide range of religious faiths. Membership is voluntary and open to any interested students. The primary purpose of the organization is the promotion of moral and character building activities.

Grossmont School District Contributes $4,969.50 To Fund

United Fund contributions by personnel employed in the Grossmont Union High School and Junior College Districts totaled $4,969.50 according to a report submitted by campaign chairman John T. Warburton.

Warburton indicated that the total amount was lower than the goal set for an average of $10 per employe. It is hoped that additional contributions will bring the total to over the $5,000 mark.

400 La Presa Acres Readied For Homesites

IMPROVEMENTS — David Speer, County Surveyor and Road Commissioner and Fred Hansen, President of the La Presa County Water District break ground for $670,000 worth of water, sewer, street, curb and gutter improvements in the La Presa Eastside Addition.

Ground was broken last week for $670,000 worth of improvements in the La Presa Eastside Addition by David Speer, county surveyor and road commissioner and Fred Hansen, president of the La Presa County Water District.

Participating in the ceremonies were Joseph Eaton, former vice president of the La Presa County Water District, Chief Frank Burger of the Spring Valley Fire District, Edward Dillion of the Griffith Company, contractors for the improvements, and Donald Short of Boyle Engineering, engineer of work.

The work consists of water, sewer, street, curb and gutter improvements in approximately 400 acres of the La Presa Eastside Addition. The street, curb and gutter portions of the improvements will be financed under 1911 Act Proceedings by the County of San Diego while the water and sewer portions are financed by bonds voted within Improvement Districts 1 and 2 of the La Presa County Water District which includes the La Presa community and the Eastside Addition. Improvements in the La Presa community were completed in 1959.

According to Short, improvements in the area were made possible by the organization in 1957 of the La Presa County Water District and the annexation of the area to the Spring Valley Sanitation District in 1958 which made sewage disposal possible.

The La Presa County Water District is presently occupying a new headquarters building on Sweetwater Springs Blvd. extension 600 ft. southeast of Jamacha Blvd.

Hansen said that complete renovation of an existing structure on the site affected considerable savings over new construction which had been planned for the district's office.

PRESIDENT HANSEN ON SURVEY COMMITTEE

John Hansen, president of Grossmont Junior College is on a committee which is directing a tri-college survey to determine vocational education needs in his own college's district and in the San Diego City College and Southwestern College districts.

This paper will print a detailed story on survey objectives at a later date.

Grove Man Gets 2-20 Years For Brush Fire

Judge Abernathy also revoked Perry's probation on a 1960 burglary charge which carries a one-to-fourteen years sentence. Perry was ordered to serve the terms consecutively.

The DIMMER VIEW

by MAX GOODWIN

Kremlin's Point of View

Khrushchev, earlier this year on his visit to the U.S. said:

"We cannot expect Americans to jump from capitalism to communism, but we can assist their elected leaders in giving Americans small doses of socialism until they suddenly awake to find they have communism."

Workers Caught Up In Tax For Socialism

Business firms boasting a payroll received a final "Extended Duration Tax" bill in the mail earlier this month. The "Extended Duration Tax" was enacted to refill the unemployment fund coffers and was to have been temporary.

While this tax ends with this payment, another and permanent tax which will be called the "Balancing Account Tax" will take its place.

When the "temporary" label was hung on this bill, it fooled no one, and true to the historic record, a substitute tax is now in force and as permanent as it can be.

This tax is wrong!

It creates unemployment while raising funds to pay unemployment insurance! As business firms get their "Extended Duration Tax" bills for $25, $75, $150 or more, the boss looks around to see if there are any people who might be separated. Those persons who are around because of sufferance because the management feels that business might get a little better next year, will be among those sacrificed to this unfair tax.

While voters and workers have no control over this tax, it would be wise for those who object to make known to their assemblymen that such a tax provides a shaky foundation for their own job.

The tax is collected solely on the basis that the more people kept on the payroll, the larger the tax is.

Projected to the greatest degree, it would mean that all businesses would pay to government all wages payments and from this income would come wages and unemployment payments, as the case might be.

That, of course, is what the socialists have been recommending these many years.

A Union Man's Dilemma

If you think you have trouble getting a drivers' license every five years or so, slow down enough to shed a tear for the drivers of those big, multi-wheeled trucks that carry so much of the material we used here in Southern California.

For the average driver answers more or less simple questions. He gets into his car with an inspector, chats a bit about the weather (which gets the driver no better score than if he

OFFICER ANNIS GIVES SAFETY TALK TO KIWANIS

Spring Valley has its share of automobile accidents, with fatal ones being thrown in once in a while for bad measure. The old saying that "safety is everybody's business" was brought to the attention of the Spring Valley Kiwanis Club recently by officer John Annis, traffic officer of the California Highway Patrol. He told Kiwanians there are between 3000 and 3500 traffic deaths in California each year. He cautioned that this time of year is bad for drivers due to early darkness, congested traffic and drinking drivers.

Officer Annis said today's traffic problem is not only for the California Highway Patrol to cope with, but is the problem of all drivers. He said that we can all be "better drivers" and that we all have some kind of automobile accident at one time or another.

Officer Annis said there are about 13 intersections to the mile in city driving and that in case of "yielding the right of way," we should decide what to do at the time we see the other car, and not when we both reach the intersection.

HABITS IMPORTANT

He said we should all look to our own driving habits; and that we should (often) check our equipment to see that it is in first class working condition. We should also check other drivers in our families to make sure they are aware of their driving habits. He said that while he was stationed in Imperial Valley he conferred several times with a father of a son whose driving habits were bad/ He said eventually the boy was killed in a highway accident.

How do traffic officers feel when they are driving their own cars with their families in the back seat? Officer Annis said it's no pleasure for him to "Sunday drive." He said that when he was bringing his family to "the coast" it was a big strain on him. He said he could see violations of driving that others failed to see.

The California Highway Patrol is ready at any time to answer any questions regarding traffic, Officer John Annis said.

DUTELLES MOVE INTO TRAILER

I see where Mr. and Mrs. (Wayne and Maye) Dutelle, who have lived at 9268 Campo Rd., for the past 11 years, have finally succumbed to the "trailer fever." They've purchased a lovely house trailer and this past Monday moved into Space No. 2, out at the Sweetwater Mobile Lodge (where the old La Mesa Airport used to be). One Dutelle daughter and her husband also live at the lodge; they are Mr. and Mrs. Walter Everson.

Maye Dutelle is best known Around Our Valley as being a Girl Scout leader for the past 12 years; and with the same Troop 453. Wayne Dutelle is a retired USN Chief Warrent Officer. He is now employed by the San Diego City School System.

OLDSTER THANKS SUGAR FOR LONGEVITY

A couple of years ago this paper ran a story and picture of a retired carpenter; the picture showing him making a cradle for one of his great-grandchildren.

The gentleman is Jacob Wilson, grandfather of Richard Wilson on Ramona dr. Jacob Wilson recently celebrated his 98th birthday. He has been in a rest home in El Cajon for several months. But not long ago he was taken to County Hospital where he underwent surgery. The day following his surgery, he was put on the critical list and close relatives went to his bedside. But the day after that he was up and around. A miracle, you say? Maybe. Wilson attributes his longevity to (of all things) sugar.

Navy Couple Operating Cafe In Spring Valley

The Spring Valley Cafe at 9034 Campo rd., which is right next to the post office in Spring Valley, was taken over by a retired Navy man and his wife in August of this year. New owners are Mr. and Mrs. Larry and Louise Gagnon.

Official grand opening was held on Sunday, Dec. 17 when a buffet dinner was served to guests. A New Year's Eve costume and come-as-you-are party is planned.

Remodeling of the Spring Valley Cafe has included adding a bar with 24 stools. Work is planned on the patio to be opened to patrons when the weather gets warmer.

NAME IT CONTEST

Because food will not be regularly served until later on, the Gagnons plan to change the name of this relatively old Spring Valley establishment. A name contest is being held and ideas for a name are invited from area people. Ideas are to be given to the Gagnons in sealed envelopes which they will open after the first of the year. A prize will be given to the person whose name idea is used.

The Gagnons live with their daughter, 6-year-old Roberta at the Sweetwater Lodge at 10707 Jamacha rd. in Spring Valley. Retiring from the Navy as a Chief Warrant Officer in the electric field after 22 years, Gagnon worked at Astronautics before he and his wife took over the Spring Valley Cafe. He saw action in the Rattles of Guadalcanal and Santa Cruz during WW II.

NEW OWNERS — Mr. and Mrs. Larry Gagnon took over the Spring Valley Cafe in August. They will change the name of their business and are inviting area people to submit ideas for a new name.

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

by Elaine Horowitz HO 3-5393

ANSWER TIME

With activities almost at a standstill, this seemed a good opportunity to answer some of the questions most often asked. The proposed school site for La Presa Elementary School No. 3 was dropped for several reasons. The Grand Jury recommendations were the main reason. The unfavorable publicity which came out of this investigation, plus the small but loud group which formed to "keep an eye on the district were other reasons.

Unfortunately, people will never raise their voices or write letters when things are going the way they feel is right, so it's always the voice of the dissenter you hear. The board of trustees felt that the confidence of the people in their school district would be undermined if they went ahead with this site.

FIGURES CONFUSING

The varied figures quoted as the price of this school site was another cause of confusion. The cost of this 10 acre school site was to have been approximately $185,000. The difference between this and the $300,000 figure quoted in many papers, was what it would have cost, over a twenty year period for improvements such as water, sewers, gas, electricity and roads.

COMPLIANCE MAY BE AS EXPENSIVE

Another site is being looked at for this school. It is south of Jamacha blvd. and the abandoned site. This property belongs to the California Water and Telephone Co., and is not even in a scheduled improvement district. The cost of this property plus what it will cost for abandoning the other site, plus further surveys, plus the cost of assessments should bring the price up to almost $300,000. The property would first have to be annexed to the La Presa Water District, and then the Spring Valley Sanitation District, but the Grand Jury recommendations would have been honored and the new associations satisfied that they kept an eye on the district.

S.V. WELFARE FOR COMMUNITY

The Spring Valley Welfare, Inc. has been confused by many with the national organization. This is a community association, supported by and benefiting the community. The group holds three drives during the year through the schools. They collect canned goods, clothes and toys. The canned goods are used for Thanksgiving baskets to which turkeys and other staples are added for needy families in the area. The clothing is sold in their Economy Shop on Bancroft drive, opposite the Chamber of Commerce.

The toys are distributed at Christmas time. They are supported solely by money made at this Economy Shop, donations and funds raised through dances, etc. This fine group is always on hand when they are needed.

ODDS AND ENDS

Ned Barber, 8125 Blossom lane, Spring Valley is finally on the road to recovery after a seige with a virus which affected her optic nerves.

It was Miss Tiemann and Mrs. Hodson who directed the Christmas play at Avondale School last week. Got the names mixed, sorry.

Private Robert Marder, son of Mr. and Mrs. I. Marder of Lemon Grove, is home on leave. After a 10 day fattening up process by mother, Bob will report to the Walter Reed Hospital in Washington, D.C., where he has been assigned.

The DIMMER VIEW

(Continued)

should just keep his yap shut) and avoiding certain accidents, the license is issued.

Basically, the same format is followed for truck drivers, but with this difference. They must test in the same type of truck for which they are seeking a license. The problems are twofold. One; most firms, under the pressure of insurance people, have only one seat in the cab. The Dept. of Motor Vehicle boys may not ride in such a vehicle unless it has a permanently affixed seat. Authority for this is the state head of the dept. who rejected such arrangements as a hassock, folding chair, apple boxes after a law suit was filed against the dept. when a Hollywood examiner bashed his head in as a result of a test in a truck without a permanent seat for him.

The other consideration is the truck owner. He pays his drivers the wages required by the unions. When he needs a driver he calls the union to supply the man. The driver's license to drive his vehicle expires just as surely as does yours or mine.

The truck firm owner rebels at furnishing a $15,000-25,000 vehicle for a driver to take a test. The dept. of Motor Vehicles position is that a man must be driving a truck of the classification for which he is to be licensed and the dept. doesn't care whether the driver rents one or the trucking firm supplies it, as long as it has a fixed seat for the examiner.

The working stiff would have to pay as much as $100 for renting such a vehicle. If he doesn't get his license renewed, either through failure to have a test truck or failure to pass, he is out of a job and the union supplies a man to replace him.

Then there is the union's responsibility. Maybe this is a place where unions could better serve those who support it. The union should supply the vehicle for the tests. . .but they don't.

The problem of a truck driver keeping his job by way of regular testing has more obstacles than it should have, it seems to us.

It also seems proper to point out that the union which controls truck drivers is Jimmy Hoffa's. Here is where Hoffa could give help easily and reserve the procedure of his taking all and giving nothing.

Whiz Gloria Fisher Helps Mt. Miguel Get Math Victory

Top scorer Gloria Fisher helped the Mount Miguel math team sweep to a solid victory over teams from the other schools in the Grossmont district.

The 90-minute exam consisted of 25 difficult questions from the Algebra II field.

Math team contestants meet every Wednesday after school for one hour; other than this, all preparation is the individual's responsibility.

The next exam in February will cover trigonometry items; the final exam in April or May will deal with advanced topics of high school math. The top six math students will then represent Miguel at the annual Convair math contest in May.

Present team members are Phil Coleman, second highest scorer on the Miguel team and fifth highest in the district; Sandy Tayler, Laurel Stewart, Dave Fares, Tom Sewell, Kirk Poschman, and Steve Dahl.

Lake Murray Water Transferred To SD

Lake Murray Dam and Reservoir, constructed in 1918, were transferred to the City of San Diego by a Deed approved by the Helix Irrigation District's Board of Directors during a Dec. 5 board meeting.

In an Agreement, the Helix Irrigation District is granted 10,000 acre-feet of permanent storage for either local or imported water in the El Capitan Reservoir, owned by the City of San Diego. This Agreement culminates many years of negotiations between the District and the City of San Diego to acquire this sorely needed storage for imported water.

The District has been almost completely dependent on Colorado River water for a number of years as the District's population has increased and local water sources have decreased in importance for the growing population.

Dividends Must Be Reported On Federal Income Tax Return

Payers of dividends and interest again this year are being asked to remind recipients of such income that it must be reported on their Federal Income Tax returns.

Internal Revenue Commissioner Mortimer Caplin has addressed letters to the New York and American stock exchanges and various other organizations representing payers of dividends and interest, requesting their cooperation, and that of their members, in the Service's educational program to improve compliance.

A new booklet telling taxpayers how to treat, for income tax purposes, condemnations of private property for public use was announced today by Internal Revenue Commissioner Mortimer M. Caplin.

Christmas Legend

by Maybelle P. Gigliotti

There is a story people tell
Of Christmas night
When Bethlehem's star set all the world
With hope alight:

Even the animals, they say,
could speak that night.

The donkey told the timid sheep
How Mary, mild,
Had said strange things upon the way
About her child

Soon to be born, to be exalted,
though reviled.

She said an angel told her He
Was sent from God
To heal the blind and free the slave
From iron rod

And one day waken those who
sleep beneath the sod.

And then the timid sheep replied,
"This must be true,
"For as we slept on yonder hill
"From heaven's blue
"A wondrous star lit all the earth, and woke us too.

"Even the shepherds at the sight
"Were sore afraid
"But heard the angel's, "Fear not"
"And obeyed
"And came to seek the Saviour in a manger laid."

And then the humble cow
kneeled down
As if to pray
In wonder that the King of Kings
Was born to lay
In such a place, among the beasts, upon the hay.

And so they say on Christmas Eve
The stars reveal
That humble folks from many lands
In wonder real
Come to the manger scene to pray where cattle kneel.

A large, well-stocked automotive parts center has opened next to the Thriftimart Store in Spring Valley. The address is 1031 Elkelton blvd. for Spring Valley Auto Supply, Inc. and the new business is being run by three long-timers in the automotive field.

They are V. W. Hammett of Vista La Mesa, Myron E. Huffman of El Cajon and Henry D. Long of San Diego.

The S. V. Auto Supply, Inc. carries a complete line of auto parts and accessories. A ball-bearing and brake shop with precision tools at the rear of the 2,200 sq. ft. establishment also serves customers.

Mechanical tools and pressurized spray paint cans for private use are carried by the store as well as bicycle tires and tubes, Terry cloth seat covers and license plate frames with Spring Valley in big letters.

Spring Valley Auto Supply, Inc. is open from 8 a.m. to 6:30 p.m. six days a week and from 10 a.m. to 3 p.m. Sundays. Hammett said the firm has or can get parts for any car on the road.
